Speed Kicking Competition Continued:

The speed kicking competition features two (2) Zemita eSparring pads. The eSparring pad will be wrapped around a kicking bag to create a “kicking station.” Two teams faceoff against each other to see who advances to the next level. Each team will have its own kicking station. The kicking counter for each team will be set at the same number of kicks. The team that reaches zero (0) first is the winner.

The eSparring system will provide a 3...2...1 countdown so competitors know when to begin kicking. As competitors kick the eSparring pad it will register the kicks. Every registered kick subtracts one (1) number from the kicking counter. When a team reaches zero (0) the competition is over. The winner is determined by the team that reaches zero (0) first. The winning team advance to the next level to compete against other winning teams.

Each team has four (4) team members. One team member at a time will kick the Zemita kicking station. The judge will yell, **ROTATE**, when it is time to rotate team members. As one (1) team member rotates to the back of the line the next team member steps up as fast as possible to begin kicking the kicking station. This pattern continues until the kicking counter reaches zero (0).

VI. Highest Kick Competition

This category is a **FREE** event to any competitor that qualifies. To qualify for free entry the competitor must break a board that is six (6) feet and six (6) inches above the ground. If the competitor can break the qualifying board they are entered in the category for free. The winner is based on who breaks the highest board. The second (2nd) highest receives second (2nd) place and third (3rd) highest receives third (3rd) place. The tournament will provide the boards for this category.

1. Gold, Silver & Bronze medals
2. Gold Medal = \$200 cash
3. Gold Medalists receives a six (6) foot trophy
4. Silver Medal = \$100 cash
5. Bronze Medal = \$50 cash

- VII. **POOMSAE Category** – The category is open to all styles of Tae Kwon Do or similar Korean martial art. You will see different poomsae/forms competing against each other at the same time. This category features two (2) levels or rounds. Here are the two (2) levels.
1. **Level I** – This is the medal round. At this level three (3) competitors in the same belt and age division compete against each other in the same ring at the same time. They compete for Gold, Silver and Bronze position medals. All Gold medal winners advance to LEVEL II, the grand championship trophy round. The Tournament does allow for a one (1) belt deviation if needed to complete a group of three (3) competitors.
 2. **Level II** – This is the grand championship trophy round. The level is open to all competitors that won a Gold medal in the LEVEL I forms category. Gold medal winners compete for the title of Grand Champion against other gold medal winners in their age and belt division. Competitors will be awarded 1st, 2nd and 3rd place Grand Championship trophies.

In LEVEL I poomsae competition three (3) competitors enter the ring together. Competitors perform their poomsae at the same time. In LEVEL I competitors are judged based on their overall performances, beauty, grace, stances and kicks compared to the other competitors in the ring. When all competitors have completed their poomsae the judges will conference to award Gold, Silver and Bronze medals to the competitors based on their performance. All Gold medal winners advance to LEVEL II to compete against other gold medal winners in their division.

Competitors that advance to LEVEL II enter the ring one competitor at a time. In LEVEL II competitors are required to introduce themselves to the judges and ask permission to begin. Each competitor will walk up to the judges and bow. They will then introduce themselves, say what Tae Kwon Do school they represent and ask permission to begin. For example, the competitor will say, My name is (state their name). I represent (state Tae Kwon Do school name) or Representing (state Tae Kwon Do school name). With your permission I will begin. After the judges acknowledges the competitor, the competitor will then say thank you judges, bow and return to center of ring and begin their poomsae.

To make LEVEL II judging as fair as possible each competitor will start with a perfect score of one hundred (100). Competitors be judged on the performance, beauty, grace of their kicks, punches, stances, kihaps, balance, uniform and overall performance. Competitors receive a one (1) one point deduction for each poorly executed kick, punch, stance, balance issue, soft or no kihaps. Competitors will receive a one (1) point deduction for a soiled, wrinkled or dirty uniform. Each point deduction represents one tenth (.1) of a point that is taken away from the competitor's perfect score of one hundred 100. Here is an example of the competitor scoring.

If a competitor receives five (5) point deductions from a judge they would have a score from that judge of ninety-nine point five (99.5). A competitor that receives twelve (12) point deductions from a judge they would have a final score from that judge of ninety-eight point eight (98.8). If it takes the competitor three (3) or more total attempts the competitor will be awarded a Bronze medal. **Black Belt competitors will compete against two (2) other black belts in their division for 1st, 2nd & 3rd place trophies. Black belts will be judges on their breaking techniques and difficulty. Number of breaking attempts supersedes technique**

The competitor must break the boards using a balanced number of hand and foot techniques. For example, a breaking competitor in Level I must break two (2) boards. That competitor must use one (1) hand and one (1) foot technique to break the boards. Level II and LEVEL III competitors have additional requirements as outlined below. XIII. 2020 Armor *No Judges! No Scoring Boxes! No Points! No Scores!*

The Florida Tae Kwon Do Open is bringing 2020 Armor to The Tournament! **BIG** thank you to Master Tim Steger from Total Martial Arts & Fitness. He is working with us to bring his state-of-the-art sparring system to The Tournament! This may be used for white and yellow belt junior divisions.

2020 Armor is a state-of-the-art sparring system. The new chest pad system does not require special socks, gear or equipment. There are no points. Competitors can see how well they are doing with a "Life Meter" on the sparring vest. This technology registers strikes directly to the vest. Each registered strike depletes the "Lifeforce" from the other competitor. You watch the "Lifeforce" deplete right on the vest. There is a "Life Meter" for Red (Chong) & Blue (Hong). The first competitor to deplete the other competitor's "Lifeforce" wins. There is no need for expensive socks, foot pads or hand pads. 2020 Armor Challenge will be a truly fun and exciting NEW event!
